

Purpose

This Annex provides a single location for generic and various mission-specific lists of deployment equipment for TNSG soldiers and units. The intent is that each OPORD issued by the 3rd Regiment will call out by reference one or more of these lists as applicable for the specific mission.

Scope

This Annex contains Deployment Equipment Lists for various types of missions. *All soldiers, regardless of MOS, are expected to keep on-hand and ready the items on List #1, Basic Individual Deployment Equipment.* The other lists in this Annex are supplements to the Basic Individual Deployment Equipment List.

Battalions assigned to the 3rd Regiment should have an identical copy of this Annex in their SOPs.

Organization

This Annex is divided into the following lists of deployment equipment needed for the various types of missions envisioned for the TNSG. These lists will be adjusted as needed via TACSOP revision.

- List #1 Basic Individual Deployment Equipment
- List #2 Regimental HQ Deployment Equipment
- List #3 Supplemental Urban SAR Tool Kit for Individuals
- List #4 Heavy Urban SAR Tool Kit for HQ
- List #5 Recon Missions
- List #6 RAM Missions
